

Shapes

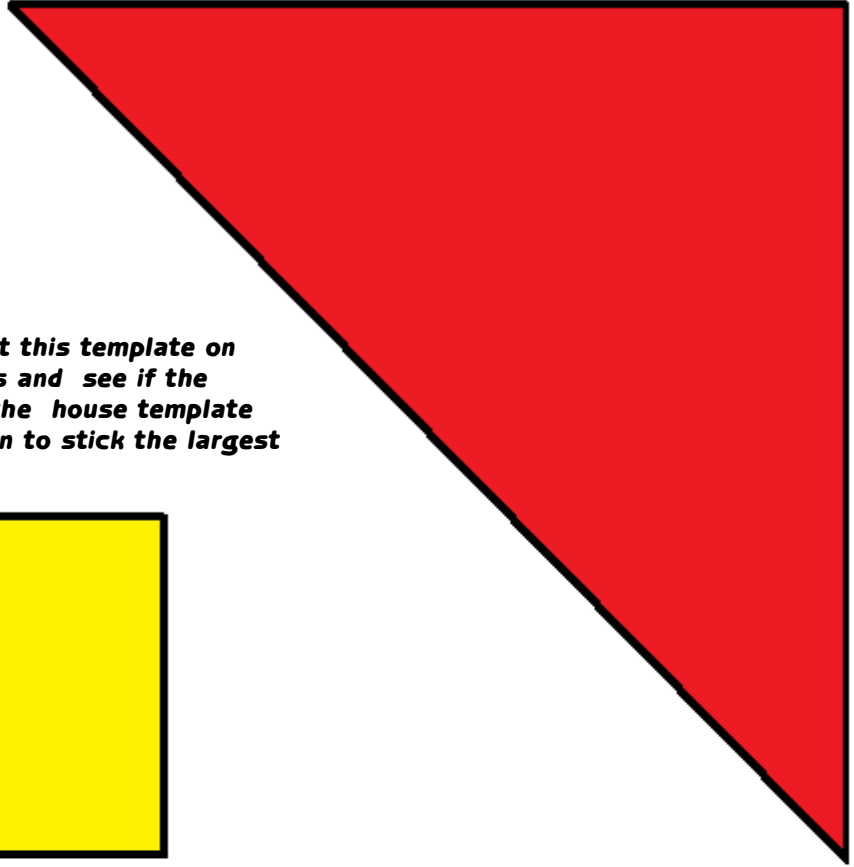

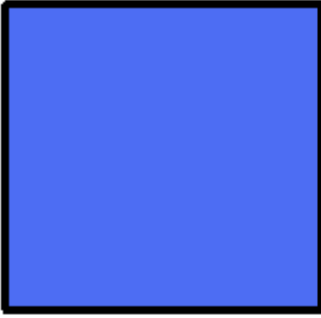

house template picture sheet

For a number of children print out this template on different coloured sheets of paper. Then cut out shapes and see if the children can put the shapes on the house template picture sheet. Advise the children to stick the largest shapes on first.

For one or two children print out this template on white paper. Then cut out shapes and see if the children can put the shapes on the house template picture sheet. Advise the children to stick the largest shapes on first.
